

**The 26th IEEE International Conference on Advanced Information Networking and Applications
(AINA-2012)**

Best Paper Award

**“Combining Decomposition and Reduction for State Space Analysis of a
Self-Stabilizing System”**

Nils Müllner, Oliver Theel, Martin Fränzle

This is to certify that this paper is selected as the Best Paper Award of the 26th IEEE
International Conference on Advanced Information Networking and Applications
(AINA-2012)

March 26th – 29th, 2012

Fukuoka Institute of Technology, Japan

AINA-2012 Organizers

AINA

Prof. Makoto Takizawa

Prof. Leonard Barolli
